

Dr.Nazmi Bülent Alp

FESSH TRAVELLING AWARD 2017

2nd July 2017/ 30 th July 2017

CENTRO TRAUMATOLOGICO ORTOPEDICO, TORINO, ITALY

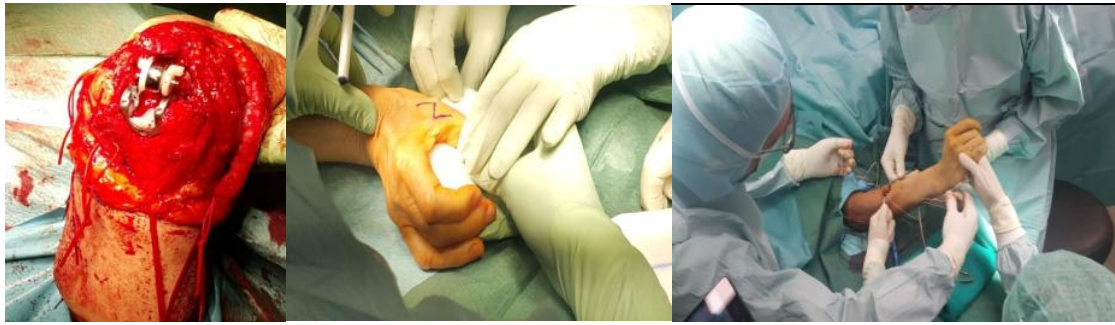

DIRECTOR :DR. BRUNO BATTISTON

OBJECTIVES:

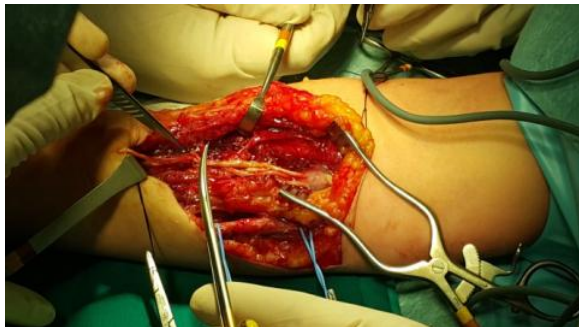

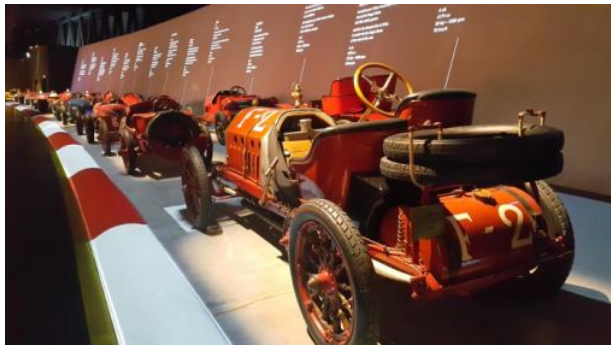

- To gain further expertise in complex trauma repair
- To establish and consolidate professional relationship with surgeons
- To observe different hand surgery techniques which I am not familiar
- To expand my exposure to complex hand and peripheral nerve surgeries.

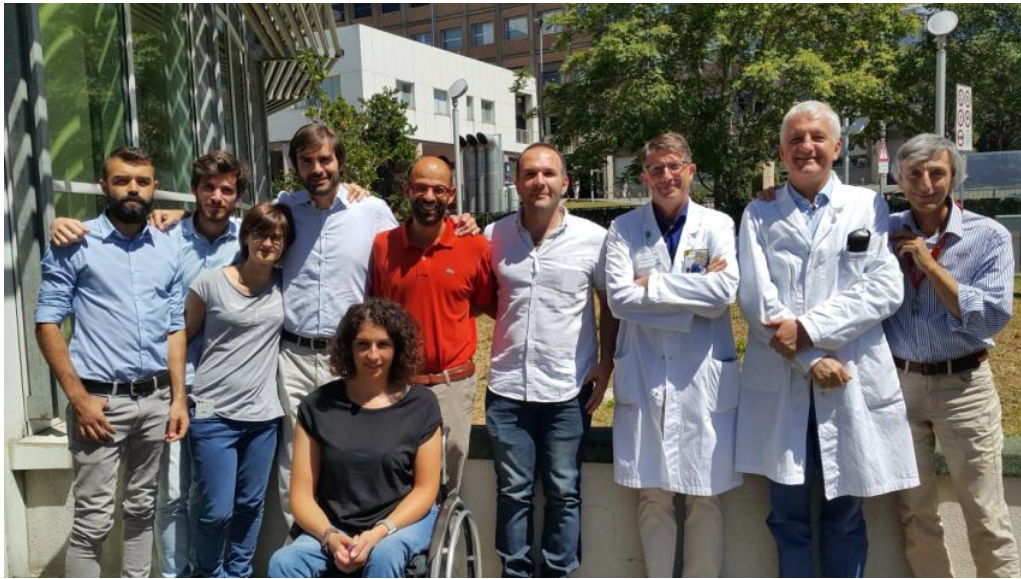

PERSONAL EXPERIENCE: From a personal point of view it was an excellent to be in TORINO. As many of you know this city is home of Juventus and Torino. Although it is not my first time in Italy, but I can easily say that it was first time where I experienced delicious italian foods..Torino is a peaceful place to stay, I had almost all the weekends free and I spent them to visit the city, I had tasted bicerin, martini and gianduiotto. I have visited cinema museum and automobile museum which are very unique places.

SURGICAL TRAINING: Thumb ucl repair, trigger finger release, carpal tunnel, primary and secondary tendon repairs and transfers, local hand flaps and skin grafts, metacarpal and distal radius plating, percutaneous pinning of phalanx fractures, secondary nerve grafts after upper limb trauma, soft tissue coverage after tumor resection, ALT flap harvesting, elbow arthroplasty, medial and lateral ulnar collateral ligament reconstructions. elbow contracture release, brachial plexus repair, forearm intermuscular septum reconstruction with fiber tape.

Acknowledgements: Thank you very much to FESSH for this opportunity and the financial support. It is priceless to meet Professor Battiston and thanks to him for sharing his surgical knowledge, support and hospitality. I gained an important improvement in my personal experience on Upper Limb and Hand Surgery

This letter is to certify that Dr. Nazmi Bulent Alp visited our Center from July 2nd 2017 to July 30th 2017. He showed disposition to learn especially in the field of reconstructive microsurgery, brachial plexus lesions repair and hand surgery. He attended to our surgical procedures in the operating theatre, showing interest in fully completing his culture and professionalism.

Dr. Bruno BATTISTON

Head of Orthopaedics - Traumatology, Hand surgery-Microsurgery Unit

C.T.O. Hospital - Torino

Vice President SICM (Italian Society for Surgery of the Hand)
