

## FESSH Travelling Award 2017

2<sup>nd</sup> June – 12<sup>th</sup> July

Supervisor: Professor Massimo Ceruso

Clinica de Chirurgie  
Plastică Timișoara  
Casa Austria

Trainee Fellowship: June 2017 – July 2017

Fellow: Pesecan Alexandru-Florian

Objectives:

- Learn new or alternative techniques
- Complex trauma cases
- Experience a different health-care system
- Gain further experience in hand surgery

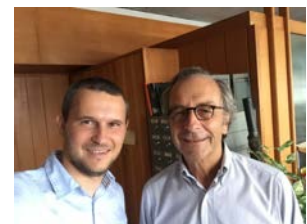

The whole experience was outstanding. Hand surgery, trauma or reconstructive, was at it's highest level. Complex trauma cases was my main goal in there and there were plenty. Also, Florence and whole Tuscany is one of the most beautiful places I've seen; places, food, art, history, they all combine in a dream atmosphere. **This fellowship**

**was a great personal and professional experience and I found the**

**time perfect during my career to experience this.**

### Acknowledgements:

- 1 Prof. Ceruso for his help, kindness, art and life advices.
- 2 The FESSH traveling Award Comitee
- 3 All the staff of the Careggi University Hospital

AZIENDA OSPEDALIERO-UNIVERSITARIA CAREGGI

DOCT. MASSIMO CERUSO

Firenze, 12 luglio 2017

Dr. Alaxandru Pesecan visited the Struttura Organizzativa Dipartimentale Complessa di Chirurgia della Mano e Microchirurgia dell'Azienda Ospedaliero-Universitaria Careggi di Firenze from June 2<sup>nd</sup> to July 12<sup>th</sup>, 2017, during his FESSH Fellowship.

During this time, he actively attended our clinical and surgical activities, showing good diagnostic and therapeutic skills, and was able to favourably integrate with the colleagues and staff in the daily work and clinical discussions.

Dott. Massimo Ceruso
