Monika Dejnowicz

7th May - 8th June 2018

Dott. Bruno Battiston  
Head Orthopaedic and Traumatology,  
Hand Surgery and Microsurgery Unit

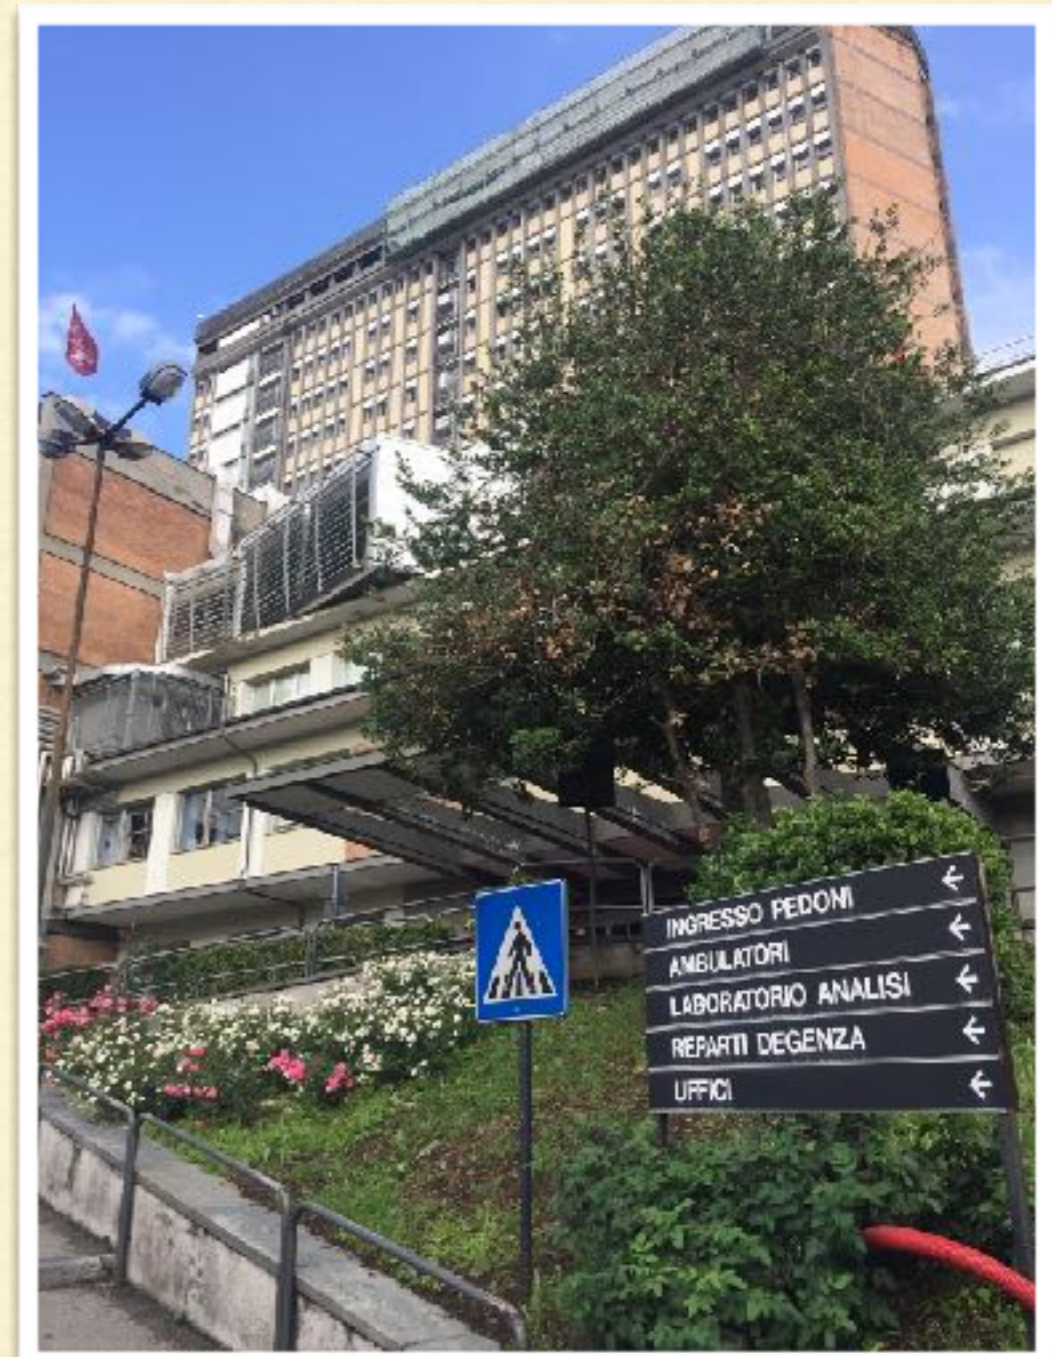

***Centro Traumatologico Ortopedico, Torino, Italy***

## Centro Traumatologico Ortopedico - CTO Hospital in Torino

It is one of the main hospitals in the region that diagnoses and treats most patients from accidents in the Italian Alps.

The hospital also gains knowledge of medical students from The Medical University in Turin

---

I remember my stay in the tour wonderfully.

I am very happy that I could meet Professor Bruno Battiston and his team. A wonderful experience was acquiring knowledge under their supervision and the opportunity to get to know the work at their hospital.

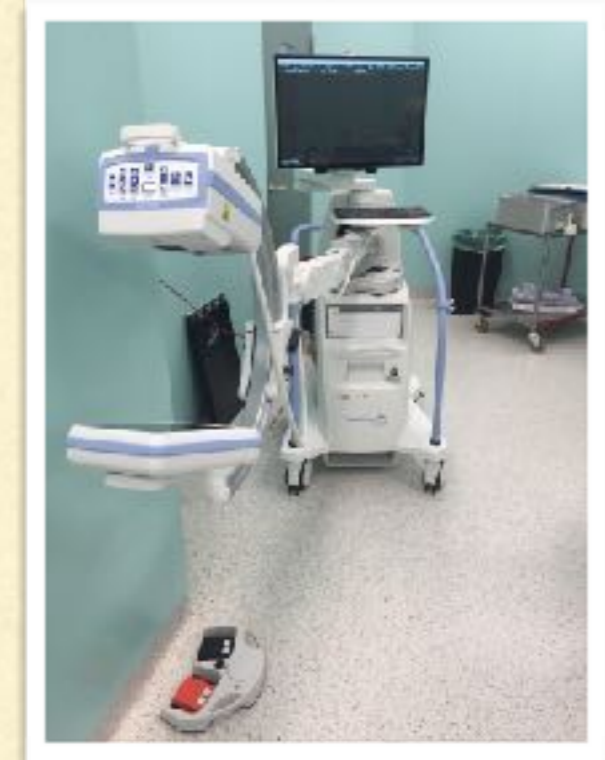

Turin is a fantastic city with great history, culture and delicious cuisine. Visiting Turin was an unforgettable trip with unique memories.
