With a team

Dr. Eduardo Moraleda de Acuña, Dr. Niyaz Latypov, Dr. Roberto Muñiz Morán, Dr. Sánchez Ruas, Dr. Raquel Mazarrasa Alonso (left to right)

Conclusion

Fellowship at Dr. Pinal's institution is a great opportunity to acquire both new theoretical knowledge as well as improve practical skills and learn tips and tricks in the area of hand surgery, reconstructive microsurgery and wrist arthroscopy. Month spent at Dr Pinal's department has been greatly beneficial to my professional growth with further positive impact on my work back home.

I am very grateful to FESSH for providing me a travel award which made this fellowship possible

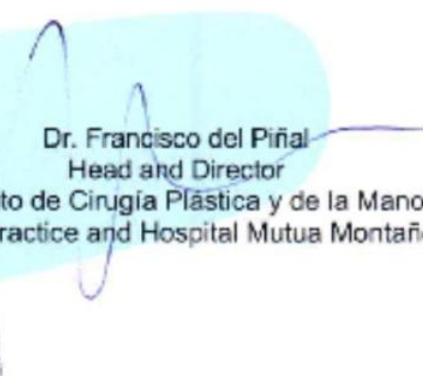

With Dr. Francisco del Piñal

Santander, 29th July 2019

This is to certify that **Dr. Niyaz Latypov**, has been visiting our unit from 1-7-2019 to 28-7-2019 doing a fellowship in the private practice and in the Hospital Mutua Montañesa, training in arthroscopic and microsurgical hand and wrist reconstruction.

During his time with us he has shown great interest to improve his knowledge in hand surgery and he has attended all our activities: office, surgery, and clinical session in both clinics in Santander and Madrid.
