Harun Yasin TÜZÜN, Turkey

10 June – 10 July 2022

Akademiska Sjukhuset Uppsala.

Objectives

To expand my knowledge in hand surgery with a focus on pediatric hand

To learn new approaches to well established diagnosis

To observe a different clinic's routine including clinic hours and surgeries

To establish and consolidate a Professional relationship with hand surgery

Surgical experience:

Thumb UCL repair, trigger finger release, carpal tunnel, phalanx, metacarpal and distal radius plating, wide awake hand surgery, basal thumb arthritis, mallet finger, finger tumors resection, flap surgery.

Acknowledgements:

I would like to thank to FESSH for this opportunity and for the financial support. I would also like to thank all the team from Akademiska Sjukhuset for sharing their invaluable knowledge, technical expertise, scientific work and kindness with me. I gained an important improvement in my personal experience on Upper Limb and Hand Surgery.
